Please join us in congratulating the 2025 FAITH Scholars as they embark on their university studies!

The FAITH Endowment awarded 68 college scholarships to the brightest and most accomplished graduating high school seniors within the Hellenic-American community as they begin their college studies. Founded in 2004 to celebrate and inspire excellence within the next generation, this series of special merit-based scholarships are awarded to graduating high school seniors who demonstrate exceptional achievements in education and extracurricular activities, leadership within the Greek community and a commitment to volunteerism and charitable works. This year's recipients join a network of over 900 FAITH Scholar alumni from across the U.S. who share the desire to make a difference in their communities and build a better world.

Promoting Hellenism, supporting the Greek Orthodox faith and celebrating excellence in education for future generations for over twenty years. *FAITH: An Endowment for Orthodoxy and Hellenism* is an independent 501(c)(3) organization that supports the development of innovative educational, cultural, and scholarship programs that promote Hellenism, an understanding of the Greek Orthodox faith, and the relationship of the two to America's history and multicultural landscape for young people.
